Tablets and mobile phones will not be suitable. We suggest you use the Google Chrome browser to access the online competition.

When you have finished keying in the answer, click on 'Next', or 'Previous' if you want to go back to a previous question. **DO NOT CLICK ON 'SUBMIT'** at the right panel unless you have answered all the questions and are ready to submit the paper and exit the session.

At the right panel, you will see yourself as viewed by your webcam; the timer, and the summary of the questions you have attempted. **The system will not allow you to submit the paper unless you have given an answer to every question. There is no penalty for wrong answers.**

5. If you click on anywhere else on the screen outside the paper or if you try to open another window, a warning will pop up to say that you have lost focus. Click '**Cancel**' within 15 seconds or your session will be terminated, and you will not be allowed to return to the competition.

6. For the Practice Run, the system will allow you 3 times to practice. For the actual Competition(s), you are only allowed to take it **ONCE**.

After the Practice Round, the system will allow you to **View Results** to check that you have followed the instructions on how to key in the various types of answers.
